Inc., Fresno, Calif.

Industry online

- Georgia-Pacific Corp.'s Building Products Division has launched a new interactive Web site at www.gp.com/build. The Web site features "microsite" segments for different professionals, product information, interactive projects and visuals about Georgia-Pacific's building product installation, and a virtual tour of the Georgia-Pacific showcase home. With a frequently asked questions section and product literature library, the Web site also includes a permission-based discussion forum for builders and architects.

3' x 10'—\$58.50	6' x 10'—\$74.35

SUSPENSION ROPE AND HOSE NOT INCLUDED
OTHER SIZES AVAILABLE UPON REQUEST

Water so essential to life and yet it can be your worst enemy when you least expect it.

At last a product has been developed to make those untimely leaks a little less frustrating.

Our Water Diverter protects those valuable areas and equipment from roof leaks until a more permanent solution can be accompanied.

It is our opinion that every building that has a fire extinguisher in case of a fire, or a first aid kit in case of an injury, should have at least one Water Diverter in case of a disastrous roof leak.

INDUSTRIAL VINYL REINFORCED WITH POLYESTER

HEAVY DUTY GARDEN HOSE ATTACHMENT

SOLID BRASS GROMMETS

It is better to have one and not need it, than to need it and not have it.

Water Pails in the middle of the floor are not considered Fire Protection

Keep the buckets out of sight - liability claims are there already.
